Education

Madison Area Technical College, Madison, Wisconsin — IT-Mobile Applications Developer — Associate Degree in Applied Science, August 2015 - May 2018

Work Experience

Sales Associate, Boston Store; Madison, Wisconsin — 2015-2018

- Stationed in the men's department where I assisted customer in their purchases and returns
 - Cleared fitting rooms and did recover where I would fix the clothes and other items on the fixtures
-

- Organized the stock rooms and helped move fixtures around when needed
- Set sales and took down sale signs when the sale was over
- Directed complaints to managers on duty
- Answered the phone and assisted customers with needs by looking up items or putting them on hold
- Helped customers order items online and had them shipped to the customers home
- Retrieved customer items on hold or pickups from online purchases

Enterprise Application and Service Deliver Intern, WPS Health Solutions; Monona, Wisconsin — 2018-Present

- Worked with a team on multiple projects
- Attended meetings with clients helping develop solutions to problems
- Designed mockups for projects using Adobe XD
- Deployed changes and updates to production using HTML, CSS, JavaScript, and jQuery
- Worked with IBM content based managed system
- Met project goals before deadlines
